Europa Belgium obtains ISO 9001 : 2008 certificate

EUROPA BELGIUM

Logistic Solutions

Europa Belgium is a renowned transport company, which mainly organizes groupage transport in the Benelux countries. They are also part of an international network for transport to and from France, the UK, Germany, Spain, Italy and Eastern Europe.

Until 2011, the company was part of the Mory Group and that same year they were taken over by an investment company. The new shareholders were convinced of the importance of a streamlined organization focused on a high quality service. In this context, they appealed to the expertise of the consultants of De Putter & Co for the set up of a quality management system and for obtaining the ISO 9001 certificate.

By means of an operational audit of all relevant departments, existing procedures were registered and improvement opportunities were identified. Then, uniform procedures, manuals and work instructions were set up and implemented, together with the realization of a KPI dashboard and a thorough follow-up of non-conformities, law & regulations, suppliers and subcontractors.

Beginning of October, Europa Belgium successfully obtained the ISO 9001 : 2008 certificate.

Herkules opens new site in the port of Antwerp

Herkules is specialized in industrial and machinery removals, project shipping and chartering of

regular and exceptional transport. Thanks to their great expertise and high level of precision, the company has grown into the premier mover of big works of art. They apply the most stringent measures so as to guarantee the safety, the well-being and the health of all those concerned. Shortly after the foundation in 2002, this vision was translated in obtaining the Safety Checklist for Contractors (VCA**). Herkules appealed to De Putter & Co for the realization of a SHE management system. On a yearly basis, the compliance of this system is assessed by the Business Consultants of De Putter & Co.

Due to a continuous growth, it was necessary to look for a new location, which was found along the Noorderlaan in the port of Antwerp. On October 2, 2014 the new offices and warehouse were officially opened. The organization of this opening event was entrusted to Spider Concepts, specialized in the organization and coordination of business events, and sister company of De Putter & Co. More than 130 guests were witness to this milestone in the short history of Herkules. For more information and a few impressions:
